Met Office Aberdeen Meteorologist's View

Potentially hazardous conditions in north with extensive hill fog. Winds gusting 50-55 mph during the morning across most exposed ridges and summits, bringing a significant wind chill.

Forecast for Saturday 26 Jun 2021

Weather: Overcast with some patchy light rain or drizzle through the morning. Gradually dry and bright conditions will feed from the northwest through the afternoon.

Maximum wind: Mainly NE 15 mph or less.

Chance of cloud free mountain/hill tops above 800m: Initially virtually nil in the north and 40% in southwest, becoming 90% for all later.

Visibility: Beginning mainly moderate or poor, becoming very poor in hill fog with bases extensive from 450m in north and broken 600-900m in southwest, improving generally good to very good late in the day as bases lift and break.

Temperature: **Glens:** Plus 9 Celsius increasing 17 Celsius during the afternoon
At 800m: Plus 8 Celsius increasing 11 Celsius for a time
Freezing level: Above all summits
